## HealthCORE NEWS - November 2021

### Happy Veterans Day!

Thank you to the men and women of Community Healthcore that served and are serving our country. To those in uniform serving today and to those who have served in the past, we honor you this month and every day. Thank you for your selfless sacrifice.

### Program Spotlight

#### Texas Veteran Commission General Assistance Grant (TVC GA)

The TVC GA grant provides homeless prevention for veterans (with an honorable/other than honorable discharge), surviving spouses, and dependents. The grant provides rental assistance along with utility assistance including cell phone and internet for those facing eviction and utility disconnections. Before assistance is granted, an intake is completed with the veteran to collect all necessary documents and verify guidelines are met for this grant. *For more information, contact the East*

November 8th is Parents as Teachers Day! Parents as Teachers (PAT) is a no-cost, voluntary program available to Gregg, Smith, and some Harrison County families that are pregnant and/or have children that are not enrolled in full-day school. PAT is an early childhood parent education and family support program designed to enhance child development and school achievement. Services include personal visits twice each month, screenings for children, and resources for families. Children enrolled in the Parents as Teachers (PAT) program at age 3 show higher skill levels and school readiness.
