## March 2022 Newsletter

### March is **DD Awareness Month**

#DDAM2022

March is National **Developmental Disabilities Awareness Month**, an opportunity to promote respect for people with intellectual and developmental disabilities and to increase awareness of the daily obstacles faced by these individuals and their families. Developmental Disabilities Awareness Month is also a chance to provide understanding, encouragement, and opportunities to help people with developmental disabilities lead productive and fulfilling lives.

Check out <https://tcdd.texas.gov/resources/> for developmental disabilities resources.

The **Community Healthcore Foundation** awarded the Perculator a grant in February 2022 that will improve the quality of care for people with intellectual and developmental disabilities by developing job preparedness, independence, and character by working in the Perculator.

The grant would allow the opportunity for 10 individuals to receive job coaching from Vocational Apprenticeship staff to strengthen skills for supported integrated employment in the community.

**HELP US SERVE OUR  
COMMUNITY BETTER!**

PERSONS SERVED  
&  
COMMUNITY PARTNERS SURVEYS  
NOW AVAILABLE ON OUR WEBSITE  
[www.communityhealthcore.com](http://www.communityhealthcore.com)

Community Healthcore is offering Quality Improvement Surveys for Persons Served and Community Partners to learn more about the people we serve and the services that are needed in our communities.

This survey is very important. By collecting the knowledge and experiences from the individuals we serve and community partners, we can help shape the future for mental health, intellectual and developmental disabilities, and substance use disorder services in our communities.

**Surveys will be available on our website until Thursday, March 31, 2022.**
