The Prevention Network for North East Texas (PREV-NET) serves youth ages 9-20 (and anyone that has access to these youth) across 9 counties: Bowie, Cass, Gregg, Harrison, Marion, Panola, Red River, Rusk, Upshur.

Our Vision: To grow a community where youth have the opportunities and resources they need for a healthy life.

Our Goals: Decrease 30 day use of alcohol, marijuana, and methamphetamine among youth ages 9-20. Increase community presence in prevention efforts across the 9 counties we serve.

We provide evidence based programs like *Too Good for Drugs* and *Strengthening Families* at no cost, presentations, campaign materials, educational and activity sheets, and more! Let's collaborate to empower our youth with the social and emotional learning skills to live healthy drug free lives.
