Phyllis Rose

Support Specialist - The Percolator

"It is with great humility CHC community chose me to be a part of its team..... I'm glad I can share kind thoughts, give support as well as give individuals the opportunity to build, connect and grow. I'm equally excited about contributing to a cause bigger than myself. Overall, I'm glad I can make a difference in the lives of others."

Director of Nursing & Crisis Response by Learn MORE with the CORE

In this week's episode, you will hear from CHC's Director of Nursing & Crisis Services and her roles and experience in understanding the links between an individual's mind and body in her 42 years of nursing. The discussion sheds light on mental and physical health relying heavily on each other, and how community networking provides healthier outcomes for ETX citizens.
