Learn More with the CORE Podcast

PREV-NET by Learn MORE with the CORE

In this week's episode, we learn about CHC's youth substance use prevention program, Prevention Network for Northeast Texas. Program manager Angelica Fuentes sheds light on how PREV-NET differs from the D.A.R.E program by educating individuals on the ways certain substances can affect the body and how relationships can be affected by addiction.

CHC Culture Video

Community Healthcore received a grant from National Council for Workforce Innovations. One of the ways we are using this grant is capturing testimonies and stories from staff and people receiving services. We hope you enjoyed this video at the State of the Center and will share it with your friends and family. This is the work YOU do. The impact YOU make in our community. Thank you for all you do!

CHC in the Community

Osterline, East Texas Veterans Resource Center, attended the VASH (Veterans Affairs Supportive Housing) Housing and Leasing Fair at the Longview Public Library.

Kelvin Jackson and Katie Roberson taught Adult Mental Health First Aid at Northeast Texas Community College on November 11.

It was a busy week recruiting story-changers and interns at UT Tyler, Jarvis College Christian Church, and LSUS. Intern Trainer, Kelvin Jackson and Intern Recruiter, Gina Mitchell do a wonderful job sharing information about CHC and the career opportunities we offer.

Osterline and Kasi with our East Texas Veteran's Resource Center attended the Red, White and You Job Fair at UT Tyler on November 10.

(Left to right) Sandra Taylor, Christy Cravey, Brenda Clark, Marilyn Wyman and Steve Archer attended the Mental Health Corporations of America (MHCA) Fall Conference in Scottsdale last week.
