RFP 1011-23, Addendum 1  
Needs Assessment  
June 16, 2023

The posted RFP # 1011-23 Needs Assessment has been modified as follows:

1. The Center received two questions for the Question and Answer session held June 14, 2023 @ 1:30pm. The questions and answers are posted below.

#	Question	Answer
1	Please provide your estimated budget limit or budget range for this project.	The RFP is for best value with Cost being one of those factors. The Center has an estimated budget range of \$25,000 to \$30,000 for this project. The final amount could be more or less depending on the proposal as determined Best Value.
2	Does each page of the response need to be signed and dated as stated at the bottom of page 1 of the RFP.	The Center waives this requirement provided there is at least one signature from the principle Offeror. This can be an electronic signature or scanned signature.

All other information in the RFP remains the same.
