

Our Mission

Helping people achieve dignity, independence, and their dreams.

Our Vision

We envision a world in which everyone has the opportunity to make choices for themselves that will lead to the highest quality of life possible including independence, freedom from poverty, pain, and despair.

There is no stigma associated with any population seeking treatment or assistance for mental illness, intellectual disability, or substance use disorder.

All people receive supportive, nurturing care appropriate to their needs in the least restrictive environment possible.

Youth Substance Use Disorder Program

For ages 13-17

*Helping our youth develop skills
for a drug-free lifestyle.*

Substance Use Disorders

Substance use disorders (SUD) occur **when the recurrent use of alcohol and/or drugs causes clinically significant impairment** including health problems, disability, and failure to meet major responsibilities at work, school, or home.

Do you know someone who could benefit from our services?

Anyone can make a referral to the Youth SUD program.
